

AMALIA

LOCATION: AGHIA EFIMIA

SOFITA SLEEPS 2
 APARTMENT SLEEPS 2
 STUDIO SLEEPS 2
 AIR CONDITIONING
 VERY CONVENIENT FOR ALL THE VILLAGE AMENITIES

Set back from the waterfront with its entrance in a tranquil flower filled lane, Amalia is conveniently located for all the shops, tavernas and the beach. The accommodation here is simple but comfortable, it is on three floors each one suitable for a couple or two friends and all have sea views and air conditioning.

The Sofita

Located on the top floor there is a small fitted kitchenette, a separate shower room/toilet, a separate lounge/sitting room and a separate twin bedroom. There is a small balcony furnished with table and chairs and a retractable canopy provides shade on those very hot days. From the balcony there are excellent views of Aghia Efimia bay and to the left across to Sami. Sunrise from here is very spectacular.

The Apartment

Located on the second floor the apartment offers similar accommodation to the Sofita but has a double bedroom. There is a large balcony with table and chairs and again a retractable canopy providing shade when needed. There are lovely forward sea views but the adjoining building obstructs the view to the left.

APARTMENT BEDROOM

SOFFIA VIEW

APARTMENT VIEW

The Studio

Located on the first floor and approached down steps beyond the entrance door, the studio is large and open plan with a picture window. There is a small fitted kitchenette with dining table and chairs and a separate shower room/toilet. Twin beds are provided, there is storage for clothes, a very comfortable settee and there is even a writing desk and T/V. The balcony is furnished with table and chairs and again a retractable canopy. As with the apartment there are lovely forward sea views but the adjoining building obstructs the view to the left.

Amalia offers a very convenient location on the waterfront close to all the village amenities.
